

I currently listen to K-LOVE 88.9 FM in wilmington, NC. I am concerned that a LPFM station may take priority over this station, which may be heard on a FM translator. This station provides much encouragement with its positive programming and local happening announcements. If it were to be displaced by a LPFM translator it would be a terrible loss to our community. My children, among others, would be without a full music station that is safe to leave on without fear of offensive language or comments. I believe it is in the public's interest to retain K-LOVE and ask you to prevent it from being replaced by a station that would most likely never hold the same benefit or value for our community. Thank you for listening.
